

## CCAMPIS Tuition Assistance Application

The Helen R. Walton Children’s Enrichment Center is an independent nonprofit school, where children are our first priority. With us, children gain a strong foundation with qualified teaching staff, curriculum, and developmental assessments in a healthy, clean and safe environment. While we have a culture of excellence; the key to what we do lies in each team member’s compassion, integrity, commitment and responsibility.

We believe all children should have access to the highest quality of care and education; therefore, we offer a Sliding-Scale Tuition Program. This is funded through a Federal Grant, CCAMPIS, and the Northwest Arkansas Community College.

### How to Calculate Annual Income

Each household member’s income is calculated based on their gross (before taxes) salary or gross regular hourly wage. We do not consider bonuses or overtime, as they may not be consistent sources of income. Each hourly wage is multiplied by 2080 hours (full-time working hours per year) which equals gross annual employment income. Part-time gross wages (less than 40 hours/week) are calculated according to average hours worked on a weekly basis. Any additional income received by the household on a regular basis – such as child support, disability, or other government payments – must be added to the recipient’s wages to calculate total household gross income.

All applicants will be considered for assistance without regard to race, color, creed, religion, sex, age, handicap, disability, sexual orientation, ancestry, national origin, marital status, or any other basis prohibited by applicable law.
